### EXAMINER'S AMENDMENT

The application has been amended as follows:

1. (Currently amended) A computer-implemented method of standardizing character information in electronic documents comprising the steps of: comparing character information including character code and font information for each character used in an electronic document to character information within a target replacement font set in order to automatically generate a comparison table for use during actual character information replacement; presenting said comparison table to a user; said user amending errors in said comparison table; and actually replacing said character information including character code and font information used in said electronic document based on said comparison table as amended.
